# Fluvanna Republicans open headquarters

PRESS RELEASE

Fluvanna Republicans celebrate the opening of their headquarters in Fluvanna. Submitted photo.

The Fluvanna County Republican Committee (FCRC) opened its 2020 campaign office at 106 Crofton Plaza in Palmyra on Saturday, Aug. 29.

Law enforcement officers, on hand for traffic control, estimated a turnout of 300 people who came by to show their support. Attendees were able to purchase Trump 2020 campaign materials from the Trump bus. Owned by business owner, Jim McKelvey, his Trump bus became popular during the 2016 election as it traveled throughout Virginia and the Carolinas. Visitors to the new Republican office enjoyed hot dogs, soft drinks and delicious home-made pies.

The campaign office will serve as a place for dissemination of campaign literature and signs as well as phone banking,

voter registration and coordination of volunteer activities that will take place on election day.

Darrell Byers, chairman of FCRC, said, "I am very pleased with the turnout and the grassroots efforts that are needed to support our candidates on November 3." He also added that this office space will be utilized to register and energize the younger base.

As the bus was rolling away and the crowd was heading home, Byers stated, "Let me be unequivocal in this, I feel a groundswell in our beloved county, and it makes me excited!"

## Legal Notice

NOTICE TO THE PUBLIC OF AN APPLICATION BY  
COLUMBIA GAS OF VIRGINIA, INC.  
FOR APPROVAL TO AMEND AND EXTEND ITS SAVE  
PLAN PURSUANT TO VIRGINIA CODE § 56-604, AND  
FOR APPROVAL TO IMPLEMENT A 2021 SAVE PLAN  
RIDER IN ACCORDANCE WITH SECTION 20 OF ITS  
GENERAL TERMS AND CONDITIONS  
CASE NO. PUR-2020-00138

On July 24, 2020, Columbia Gas of Virginia, Inc. ("CVA" or the "Company") filed an application ("Application") pursuant to Chapter 26 of Title 56 of the Code of Virginia, known as the Steps to Advance Virginia's Energy ("SAVE") Plan Act (the "SAVE Act"), for (1) approval to amend and extend its SAVE Plan pursuant of the SAVE Act; and (2) for approval to implement a Steps to Advance Virginia's Energy Plan Rider ("SAVE Rider") for calendar year 2021.

The Company requests to extend its SAVE Plan for one year (calendar year 2021), during which time the Company would be authorized to spend up to \$60.4 million on SAVE-eligible natural gas infrastructure and recover such costs through its SAVE Rider ("Phase 3 SAVE Plan"). CVA is not proposing to modify the scope of eligible infrastructure replacements to be performed under the SAVE Plan and is not proposing any other substantive changes to the terms and conditions of the SAVE Plan. The Company also requests approval to implement its 2021 SAVE Rider, which is comprised of a 2019 True-Up Factor and a 2021 Projected Factor, to be effective with the first billing unit of January 2021 through the last billing unit of December 2021.

In its Application, CVA states that its SAVE Plan is designed to accelerate the replacement of certain components of its gas distribution system infrastructure to enhance system safety and reliability. The Company proposes to amend and extend its SAVE Plan for one year to undertake additional identified projects the Company expects to complete in 2021 under the proposed Phase 3 SAVE Plan. The Company states such projects will enhance safety and reliability and positively impact the environment. The Company is requesting authorization to spend up to \$60.4 million (CVA's currently approved 2021 capital budget) on SAVE-eligible infrastructure during calendar year 2021. However, due to budget uncertainty, the Company proposes to limit investment included in the SAVE Rider to \$46.4 million. In light of CVA's 2021 capital budget uncertainty, the Company identified approximately \$16 million of SAVE-eligible projects that could be deferred beyond 2021, where funding levels are limited. Per CVA, if those projects are deferred, the Company would allocate an additional \$1.7 million toward replacement of service lines and risers, resulting in a total capital investment of \$46.4 million on SAVE-eligible projects in 2021.

The Company has proposed a total SAVE revenue requirement of \$12,850,153. As proposed, the 2021 SAVE Rider would increase residential customers' bills by \$1.60 per month, for a total proposed monthly rate of \$3.10.

The details of these and other proposals are set forth in the Company's Application. Interested persons are encouraged to review the Company's Application and supporting exhibits for the details of these proposals.

TAKE NOTICE that the Commission may adopt rates that differ from those appearing in the Company's Application and supporting documents and may apportion revenues among customer classes and/or design rates in a manner differing from that shown in the Application and supporting documents.

The Commission entered an Order for Notice and Comment that, among other things, directed the Company to provide notice to the public and provides interested persons an opportunity to comment on the Company's Application.

# Fluvanna Democrats open campaign office Aug. 1

PRESRELEASE

Democratic campaign office in Fluvanna. Submitted photo.

"Running a political campaign office during a pandemic raises a whole new set of problems," said Su Wolff, president of the Lefty Lunch Ladies, which opened their campaign office to support Democratic candidates at 7 Centre Court, near the Dogwood Restaurant.

"In the past there were grand openings, pizza-party-phone-banking, and the like," Wolff said. "But this year the first concern had to be keeping our volunteers and supporters safe and healthy, in addition to supporting all the Democratic candidates."

"The Lefty Lunch Ladies, a progressive organization in Fluvanna, worked with the Fluvanna County Democratic Committee to design the appropriate type of office for this year's environment," said Wolff and Helen Schoene, co-chair of the Fluvan-

na County Democratic Committee. Many of the 300 members of the Lefty Lunch Ladies group "contributed what they could" to support the office," Wolff said.

Since the office opened Aug. 1, volunteers have made phone calls, written thousands of postcards to neighbors, and distributed signs, buttons, and bumper stickers. "Most of all, the office has provided a place of comfort for Fluvanna County residents (Democrat, Republican or Independent). They know we all need to work hard to save our Democracy through this election," Schoene said.

Contact Su Wolff at [suwolff@comcast.net](mailto:suwolff@comcast.net) for more information and office hours, or Helen Schoene at [helenschoene@gmail.com](mailto:helenschoene@gmail.com).

## Legal Notice

NOTICE TO THE PUBLIC OF AN APPLICATION BY  
COLUMBIA GAS OF VIRGINIA, INC.  
FOR APPROVAL TO AMEND A SYSTEM EXPANSION PLAN  
PURSUANT TO CHAPTER 28 OF TITLE 56  
OF THE CODE OF VIRGINIA  
CASE NO. PUR-2020-00149

On August 5, 2020, Columbia Gas of Virginia, Inc. ("CVA" or the "Company") filed with the State Corporation Commission ("Commission"), pursuant to § 56-610 et seq. of the Code of Virginia ("Code"), an application ("Application to Amend") to amend its System Expansion Plan (or "Plan") approved by the Commission in February 2016.

CVA provides natural gas service to over 270,000 customers in Central and Southern Virginia, the Piedmont region, and most of the Shenandoah Valley, as well as portions of Northern and Western Virginia and the Hampton Roads region. The Plan is an infrastructure expansion plan designed to deliver natural gas service to customers in unserved areas within the Company's service territory by providing an alternative method of collecting the uneconomic portion of the investment related to infrastructure expansion projects ("eligible expansion investment" or "EEI"). The Company seeks to amend its Plan as needed to complete 71 existing projects contributing EEI to the Plan and to recover the related costs from the beneficiaries of these investments ("Affected Customers").

In its Application to Amend, CVA explains that, in Case No. PUE-2015-00056, the Commission approved a maximum level of Plan investment of approximately \$3.57 million with the ability to exceed this amount by no more than 10% over the Plan's five-year investment period and established a fixed monthly rider (the "MAIN Rider") at \$6.63 per month to recover the eligible system expansion infrastructure costs ("Plan Cost of Service") associated with the EEI. CVA states that 71 projects contributing EEI to the Plan that have been placed under contract resulted in a total of approximately \$3.81 million in estimated EEI based on the economic analysis completed at the time each project was placed under contract. While the estimated EEI for these projects in the Plan falls within the authorized maximum level of investment, the actual costs for the projects, and thus the actual EEI for the projects, are expected to be higher than the estimates. CVA is requesting the approvals necessary to complete the 71 existing projects contributing EEI to the System Expansion Plan and recover the associated costs from Affected Customers.

Specifically, the Company is requesting:

- (1) An increase in the maximum level of investment under the Plan from \$3.57 million plus 10% to \$5.1 million;
- (2) An increase in estimated Plan Cost of Service from \$8,476,655 to \$9,503,506;
- (3) A two-step increase in the MAIN Rider from \$6.63 to \$8.63 effective January 1, 2021, and to \$10.63 effective January 1, 2022;
- (4) A decrease in projected Affected Customers from 5,319 to 3,301.

The Company is requesting a modified maximum level of investment of \$5.1 million to complete the 71 projects contributing EEI to the System Expansion Plan. CVA calculated this amount based on the projects contributing EEI to the Plan that are near completion. According to CVA, as of May 31, 2020, MAIN Rider revenues have been less than Plan costs, and the \$6.63 MAIN Rider is not sufficient to recover eligible system expansion infrastructure costs. Accordingly, CVA proposes to increase the MAIN Rider gradually over the next two years for the Affected Customers.

The details of these and other proposals are set forth in the Company's Application to Amend. Interested persons are encouraged to review the Company's Application to Amend and supporting exhibits for the details of these proposals.

The Commission entered an Order for Notice and Comment that, among other things, directed the Company to provide notice to the public and provided interested persons an opportunity to comment or request a hearing on the Company's Application to Amend.

The Commission has taken judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels. In accordance therewith, all pleadings, briefs, or other documents required to be served in this matter shall be submitted electronically to the extent authorized by 5 VAC 5-20-150, *Copies and format*, of the Commission's Rules of Practice and Procedure ("Rules of Practice"). Confidential and Extraordinarily Sensitive information shall not be submitted electronically and should comply with 5 VAC 5-20-170, *Confidential information*, of the Rules of Practice. For the duration of the COVID-19 emergency, any person seeking to hand deliver and physically file or submit any pleading or other document shall contact the Clerk's Office Document Control Center at (804) 371-9838 to arrange the delivery.

Pursuant to 5 VAC 5-20-140, *Filing and service*, of the Commission's Rules of Practice, the Commission has directed that service on parties and Staff in this matter shall be accomplished by electronic means. Please refer to the Commission's Order for Notice and Comment for further instructions concerning Confidential or Extraordinarily Sensitive Information.

An electronic copy of the Application to Amend may be viewed on the Commission's website or obtained, at no charge, by submitting a written request to counsel for the Company: T. On or before October 6, 2020, any interested person wishing to comment on the Company's Application to Amend may file written comments with the Clerk of the Commission by following the instructions on the Commission's website: <https://scc.virginia.gov/casecomments/Submit-Public-Comments>. All such comments shall refer to Case No. PUR-2020-00149.

Such notice of participation shall include the email addresses of such parties or their counsel. Pursuant to Rule 5 VAC 5-20-80, *Participation as a respondent*, of the Commission's Rules of Practice, any notice of participation shall set forth: (i) a precise statement of the interest of the respondent; (ii) a statement of the specific action sought to the extent then known; and (iii) the factual and legal basis for the action. Any organization, corporation, or government body participating as a respondent shall be represented by counsel as required by Rule 5 VAC 5-20-30, *Counsel*, of the Rules of Practice. All filings shall refer to Case No. PUR-2020-00149. For additional information about participation as a respondent, any person or entity should obtain a copy of the Commission's Order for Notice and Comment.

On or before October 6, 2020, any interested person or entity may file, with the Clerk of the Commission at: <https://scc.virginia.gov/clk/efiling/>, a request that the Commission convene a hearing on the Application to Amend. Requests for a hearing shall refer to Case No. PUR-2020-00149 and shall include: (i) a precise statement of the filing party's interest in the proceeding; (ii) a statement of the specific action sought to the extent then known; (iii) a statement of the legal basis for such action; and (iv) a precise statement why a hearing should be conducted in this matter.

A copy of any notices of participation and requests for hearing simultaneously shall be sent to counsel for the Company electronically at the email address set forth above.

## Fluvanna Business Corner

### Fluvanna Chamber Business and Business Spotlight: Pan Piper Travel

*Rudy Garcia, President Fluvanna Chamber of Commerce*

Your Chamber Board of Directors had its monthly meeting last week on August 25th. Our main points of discussion centered on four big issues:

1. Promotion of the special Pandemic Response Membership (PRM) package we approved in July. As a reminder, the PRM is available to any business in Fluvanna that is not currently a Chamber member. The cost is only \$50 for a 12-month full Chamber Membership. If you know businesses that are not currently Chamber members, please help get the word out.
2. Recruitment of Directors for the Chamber's Board. Your Chamber is led by a 100% volunteer Board of Directors. We currently have several vacancies we would like to fill. Please contact the Chamber office if you are interested or to nominate someone to the Board. To be eligible, one must be a Chamber member in good standing. We are currently looking for Directors in the following business types: retail, restaurant, medical, construction and business services
3. Solicitation of Business of the Year nominations. Annually we recognize one or more businesses that have made an impact in Fluvanna County over the previous year. Last year we instituted an Emerging Business of the Year category. This is for business that are less than 3 years old. We also have an established business category for businesses over 3 years old.
4. The final item we spent a lot of time on was the look and feel of the annual meeting and recognition of our Businesses of the Year. We did not decide completely what format our annual meeting would take. One thing we did decide on is that there would be a virtual component. We hope to make a final decision at our Board meeting in September.

*As a tribute to the end of summer and lost travel opportunities, longtime Chamber member and former Director Forney Shell (who is the owner of*

*Pan Piper Travel) submitted the following reflection:*

The coronavirus has all of us think about our health these days. Even before the virus, we were a nation of health-conscious people. Without the virus people were concerned about eating too much sugar, salt and too much fat. There seems to be plenty of types of diets for everyone. Some are reasonable, some are weird and strange but every other person you know seems to be on one.

If it is not diet, it is exercise. There are family gyms, home gyms, twenty-four-hour gyms. There are television exercise programs, running programs, and biking programs, something for everyone.

There is one thing missing from this health equation. Overall health is like a three-legged stool. There is diet, exercise, and mental health. The virus quarantine has taken a heavy toll on Americas mental health. Suicide rates are up, as are cases of domestic violence and child abuse. Staying in touch with friends and family is one way to help maintain good mental health as is staying active.

As quarantine restriction are loosened travel will take its normal place as a restorative agent for mental health. Travel well planned can be a great stress reliever. Many people report the anticipation of travel takes their mind off their day to day problems. Exploring new places and different cultures increases cognitive skills and creates a sense of wellbeing. Planning and taking a trip can restore the feeling of being in control.

Experiencing peaceful and serene locations can bring a sense of emotional stillness and rejuvenation. Travel helps us think about our personal goals and interest, which might have been pushed aside with concerns over the virus. Remember that mental health is part of a healthy person and travel is one way to maintain stable mental health. Chris Tompkins, a recruiter for DePaul Community Resources, describes the private non-profit human services as a "social impact" organization because of the wide variety of positive ways in which they help impact the lives of the most vulnerable members of the communities they serve.

The agency serves families and individuals across Central and Southwest Virginia.

Their largest and best-known program is their Treatment Foster Care (TFC) program.

"In our TFC program, we recruit, train, and approve new families that can open their hearts and homes to children in need of a safe and loving home environment. We have several programs and services though that work to help other vulnerable populations across the Commonwealth of Virginia," said Tompkins. The programs include sponsored residential placements for individuals with developmental disabilities, group home and day support services, adoption services for children in the foster care system, independent living services for teens aging out of foster

care, and community based services that offer support including supervised visitations and outpatient counseling, as well as other community outreach programs.

"At their core though, each of these services is intended to help provide hope and belonging to those whom the work is impacting, and those who need it most, which is why our agency prides itself on our vision of "Opening Doors to Hope and Belonging."

DePaul as an independent helper. State and local social services in some sectors may not always be able to provide a community with all the necessary resources it needs. Though DePaul is a private entity, they are contracted to provide case management services by local DSS agencies. They work with them to accept or take referrals including those from Fluvanna County. However, the foster homes they open and license have to be about one hour, or close to a 60-mile radius, from each of their locations that houses their TFC program staff.

Tompkins explained that when they take a referral from a DSS agency for a child in need of placement, they check for an appropriate match for that child with one of their foster families, then plan and coordinate placement with them. As a contract provider with DSS, DePaul not only serves by providing the case management services, but it also provides direct client support to the child or children placed in its foster homes, to the foster families, and the biological families involved in any of the cases they are supporting.

The number of children needing homes in Virginia is staggering: a little over 5,000 need foster care at any given time. Currently, there are 2,206 children in foster care just in the Central and Piedmont regions.

"A good way of quantifying the local need is that it's not unusual for our Charlottesville office to receive a dozen or a couple of dozen referrals in a given month, and while it depends on the individual referrals we receive in a given month, at times we may only have appropriate matches for a half a dozen or fewer of the children referred to our local Charlottesville office," said Tompkins. "For a prospective foster family in Fluvanna that we approve, any one of those referrals could be a potential match and an opportunity to serve that child (or children if it's a sibling group). The greatest needs that we see are for foster families that are willing to open their homes and hearts to working with teenagers in need of a placement and can accept sibling groups."

The coronavirus has been challenging for Tompkins and other staff members when their work requires a uniquely personalized approach to helping each child and family overcome the obstacles they face as a result of the trauma they've experienced.

"I would say that the same hardships most organizations are facing when it comes to how remote work and social distancing impact collaborative and face-to-face elements of our work has been the biggest challenge."

No one expected the coronavirus to put a

hold on everyone's lives including families and children in need of support. Tompkins recognizes the unique circumstances and said they have adapted to the new normal but regardless of the pandemic's influence the work they do is essential and must continue. They have implemented policies and procedures to protect everyone involved. They have utilized remote work where possible for staff and implemented appropriate CDC recommended safety measures and hygiene practices.

"I'm happy to share that at this time, we can complete an entire home study process for new and prospective foster families and accept new placements into our program while adhering to the strict safety guidelines we've created. We anticipate the COVID-19 pandemic will lead to a significant increase in the need for new foster families and now is the time for families interested in getting involved to start the process and help our agency make a difference in the lives of foster children that we anticipate will increase in need before this pandemic is over."

While their clients are experiencing many of the same hardships everyone is facing during this pandemic, he said that while working in this field he has witnessed and been inspired by the unusual and amazing resilience that they possess. "They may not have as many of the same supports in life as others do, or it can be hard to focus on healing from their trauma

### Your Lady At The Lake

Let me introduce myself... My name is Peggy Shanklin and I have lived and thrived in Lake Monticello since 2001. I LOVE living here!

Since moving here almost 20 years ago, I have started several small businesses. The most well known is Pristine Clean & Domestic Care, LLC. Within the first year, I had exceeded expectations. With teams of employees, we proudly served Lake Monticello and the surrounding areas.

I have always been actively involved in our community. Since leaving corporate America in 2003, I have enjoyed participating with many of our local charities and non-profits. These include our schools, library, Green Dogs Unleashed, FSPCA, Lions Club, several parenting groups, and many others. I am a proud member of The Fluvanna Rotary Club and Women In Business.

Now my sole passion is Real Estate. I love this business. What do I have to offer? As your agent, I'll ensure you get the best price and terms, while having the smoothest transaction possible.

DePaul, from page 6.

while simultaneously navigating other daily challenges, let alone the same crisis we all are facing during this global pandemic."

He is grateful to community members who have reached out and donated PPE and other basic supplies to our young adults in its independent living program. To relieve boredom, families have donated art supplies and other materials to help foster families with entertaining and supporting their foster child's home school needs, or even simply writing and offering notes of encouragement to children and foster families to let them know people are thinking about them during this difficult time.

Tompkins said that DePaul is a good model for how human services should be delivered to those who need it. On their website is a

unique and creative way for people to get involved by sharing ideas. It's called "The Garage." The idea behind this revolutionary concept is that the garage is a place to create, experiment, tinker, play, and build. It encourages community involvement on all levels, generating new ways of thinking. By engaging community members, DePaul becomes part of the solution when issues can be viewed with fresh eyes.

Society has evolved through modernization and progress but the breakdown of the family unit as we knew it has contributed to an overburdened system that needs a new perspective and the support social service models like DePaul provide. Tompkins sees this as an innovative way to share ideas and meet the needs of those who need assistance. Visit the garage at <https://www.depaulcr.org/garage/> to learn

more about how the garage works.

Tompkins feels that talking with others in their community and on social media about DePaul and the work they do is the best way to spread community awareness about the foster care system and services for individuals with developmental disabilities. He believes it is the key to solving problems and meeting the needs within the foster care system and an excellent way to also help create positive change by helping lend a voice to this important cause.

"You have to first be able to define it, and opportunities like this are vitally important to our efforts to help define to our communities why there is such a need for more foster families, and more sponsored residential providers to help us in our efforts to meet the needs of these vulnerable populations that we serve so

that hopefully we can ensure a child or individual with developmental disabilities never has to go without experiencing a sense of hope and belonging."

Anyone interested in learning more about becoming a foster parent or sponsored residential provider, should contact Chris Tompkins at 434-977-9847 ext. 3509, or e-mail him at [CTompkins@depaulcr.org](mailto:CTompkins@depaulcr.org), or visit online at [www.depaulcr.org](http://www.depaulcr.org) to learn more.

I am three years old, I walk perfectly on a leash and I love love love squeaky toys! People tell me I have the prettiest face! I am missing some fur on my back because the people who I used to live with forgot to give me any flea and tick treatments. I was covered with fleas. That made me very itchy and made my skin sore. The nice people at the shelter gave me a bath and flea treatment. I feel much better. Soon my hair will grow back just like new!

**THIS WEEK'S PET IS: HOBBS** 16 YRS 

Hobbs was surrendered to the shelter due to his family having health issues and they could no longer care for him. Hobbs can be moody at times at the shelter, but most of the time he is very friendly. He likes relaxing by himself and when he wants attention, he will let you know. Hobbs will need a home that does not have other cats. When he sees other cats he gets upset and he starts growling and barking like a dog. We believe he thinks he is a dog. If you could open your home and heart to this baby, he would treasure you for life. Hobbs is current on all vaccinations, micro-chipped and neutered.

## I first became a believer in reverse mortgages almost 20 years ago...

(before I was in the industry) when my parents first considered doing a reverse mortgage themselves. My Mom asked me to help her do some research and that's what started me on my path of wanting to eventually be the expert on the subject.

It's amazing to me today that I still hear the same false rumors from people sometimes that I heard two decades ago. The mortgage company does not take title to your home and yes the heirs still inherit the home upon the borrower's passing. Those are the two most misunderstood topics. And yes the money you receive is not income so it is not taxed as some people think. Also, Medicare and Social Security are not affected by the proceeds that you receive from a reverse mortgage. And yes it's true that you are not required to ever make a payment for as long as you live in the home.

I am very patient when I speak to clients and take my time explaining everything face to face with absolutely no pressure to move forward because I remember how much my parents appreciated it when the person that they worked with showed them the same respect.

I have never experienced the Sunday night blues of knowing that you are going back to work the next day as some people talk about. My job is a career that I never plan on retiring from because I genuinely enjoy working with my clients and seeing how their lives are benefitting from eliminating debt and by opening up a line of credit that can be used to help them for the rest of their lives. Every client's story is a little bit different but they are all hoping to achieve a better life and I enjoy being a small part in that story.

# TJHD warns of potentially fatal batch of heroin

PRESS RELEASE

The Virginia Department of Health's Thomas Jefferson Health District, which includes Fluvanna County, warned the public of a batch of heroin in the greater-Charlottesville area that could be laced with fentanyl, or fentanyl derivatives, and could be potentially fatal to people who use it.

Over the past 24 hours, UVA Health reported treating six patients with heroin overdoses. To protect patient confidentiality, no other information will be provided. The Thomas Jefferson Health District (TJHD) does not know where the heroin originated, was purchased, nor what the batch was cut with, but TJHD is concerned that it may have fentanyl derivatives and could be fatal for people using it.

"Opioid overdoses are on the rise throughout the country and we want to help keep our communities safe," said Dr. Denise Bonds, TJHD Director. "We are issuing this alert to notify individuals who may be using substances of a potentially contaminated batch of heroin."

In an effort to help community members prevent fatal opioid overdoses, TJHD will host events during the week of August 31st to distribute free Naloxone. Naloxone (also known as NARCAN) is a fast-acting, safe and easy-to-administer nasal spray that can restore breathing and reduce potentially fatal effects of opioid overdoses. Naloxone should be given to any person who shows signs of an opioid overdose or when an overdose is suspected. A family member, bystander, first responder, or medical provider can administer naloxone to save lives. As a reminder, if you come across someone who has overdosed, you should call 911.

Naloxone will be distributed free to the public and do not require registration. The events are all drive-through at each health department listed below. Individuals who attend will learn how to use Naloxone and receive a free box with two doses of Naloxone. Please note: TJHD does not ask to see identification when distributing Naloxone.

The event in Fluvanna will take place Wednesday, Sept. 2 from 1:00 to 4:00 p.m. at the Fluvanna County Health Department, 132 Main St., Route 15, Palmyra, Va. 434-591-1960

For more information about opioids, visit [www.CDC.gov/opioids](http://www.CDC.gov/opioids). For more information about how to get free NARCAN, call your local health department or visit [www.TJHD.org](http://www.TJHD.org).

The Fluvanna SPCA will be closed to the public until further notice. We are trying to do our part to help cut down on the spread of COVID-19, and with our animals' and employees' best interests in mind we are trying to reduce foot traffic to help keep our employees healthy. The animals at the shelter will continue to receive wonderful care just as they normally do, so no need to worry. If you are interested in adopting or if you would like to drop off donations during this time that we are closed to the public, you can make an appointment to do so by contacting our shelter manager: [manager@fspca.org](mailto:manager@fspca.org). We appreciate your understanding and support during this difficult time for everyone, and we will be sure to keep you updated as soon as we will be open again to the public.

### THIS WEEK'S PET: TRIPP APPROX 1 YR.

Is a friendly boy, but is scared to death of being held. He loves his toys especially the ones that make noise. He also loves the one that are circled with a ball in the middle, he just goes crazy over this. He lets you rub him and when you stop he will try to grab your hands with his claws to pull you back to him. The littlest movement scares him, so you need to be patient with him. When he gets comfortable with you he will lick your hand like a dog. He will need a family that can take their time with him, so he can slowly trust you and gain confidence in his new surrounding. He has done very well at the foster home and has gained his trust in them and will cry for their attention when he wants it. The foster stated that he will even let the husband rub him now. (GO TRIP) He is doing very well and coming out more and more. He is current on all shots, micro-chipped and neutered. Currently he is in a foster home, so if you are interested, we can set up a time for you to meet him.
