About Orange County Tourism

Tourism is one of the Commonwealth's largest economic engines, with visitors to Orange County spending more than 51 million in 2018, supporting 613 work opportunities, and contributing 3.7 million in local and state tax revenue. The tourism and hospitality industries have also been among the hardest-hit by the pandemic, experiencing decreased revenue and job loss, along with the temporary closure of many tourism-related businesses. A revived tourism economy can help spur new economic activity and inject critical funds back into Virginia communities.

The Orange County Tourism department functions as the destination marketing organization for Orange County, which promotes Orange County as a leading travel destination in Central Virginia. In 2018, visitors to Orange County spent over \$51 million, which supported 613 jobs and added \$3.7 million in state and local taxes. Orange County Tourism manages a state certified Visitor's Center, fully supported by volunteer staff, located in the historic Train Depot in Downtown Orange. The Visitor Center welcomes visitors to the county, promotes businesses and attractions, and provides community-related information to residents. **To learn more, visit www.VisitOrangeVirginia.com.**

Orange County Golf Course Reopening as Somerset Farms Golf Course

Press release

Orange County Economic Development would like to announce the reopening of Somerset Farms Golf Course located at 35448 Somerset Ridge Road in Locust Grove.

The course, formally known as Rapidan Golf Club, was purchased in early June, by Kenny and Lora Dotson. With the help of New Direction Golf Management (NDGM), improvements were made to the clubhouse and course; and the tee boxes, fairways, and greens were restored. The course is open and ready to welcome golfers.

"Everyone can learn and enjoy the game of golf," stated a representative of

NDGM. NDGM's mission is to grow the game of golf within the community by specifically designing programs and initiatives to create, develop, and sustain interest in the sport. The Dotson's, who also own another golf course in Orange County, understand the time and dedication it takes to make a golf course successful. Mr. Dotson noted, "We will work hard to make Somerset Farms a course to be proud of and a benefit to the community and the region."

Located in eastern Orange County, Somerset Farms Golf Course lies on the historic Somerset Farm property, along the banks of the Rapidan River with views of the Blue Ridge Mountains. The golf course masterfully incorporated the heritage of Somerset Farm's natural terrain into the design, while preserving the natural areas

About Us

Somerset Farms is located off Route 3, just 16 miles west of Fredericksburg and less than a one-hour drive away from Washington DC and Richmond.

The Antebellum setting of the golf course offers the relaxed, refined lifestyle of traditional Virginia, along with today's finest leisure options. The property's historic manor house was built in 1834, by James S. Somerville, and used to shelter pickets of General Robert E. Lee's Army of Northern Virginia during the Civil War.

Challenging for all levels

Today, Somerset Farms retains much of its history, as the semi-private/public golf course winds through gently rolling woodlands and wetlands, while offering unspoiled views of the Virginia countryside. Somerset Farms' 6,500-plus-yard course offers 18 Signature holes with traditional and links style play. A slope rating of 138 makes the layout one of the most challenging in Virginia, yet four sets of tees provide "play-ability" and challenge for golfers of every level. The course was designed by Tulsa-based architect Jerry Slack, who masterfully incorporated the heritage of Somerset Farm's natural terrain into the design, while preserving the natural areas and wetlands of the property. The character and traditions of yesterday live on at Somerset Farms Golf Course.

The historic manor house was built in 1834.

Bounce Back Orange Small Business Grant Program

Press Release

Orange County Economic Development Office is pleased to announce grant awards totaling \$277,725.50, to thirty-nine (39) business and non-profit organizations through the Bounce Back Orange Small Business Grant program.

The Bounce Back Orange Small Business Grant program was funded using federal CARES Act funds provided to Orange County and was administered by the Community Investment Collaborative (CIC). The CARES Act spending plan was authorized by the Orange County Board of Supervisors as part of a multifaceted effort to help the community mitigate the economic impacts of the COVID-19 pandemic. "We are pleased with the interest we received in the grant program and are excited to be able to provide much needed relief to various organizations throughout Orange County who have experienced business disruption from COVID-19.

While we know these grants will never replace the loss of revenue businesses have experienced, it is our hope that the funds will provide short-term relief to assist them in remaining open and operational far into the future," noted Rose Deal, Project Manager for Orange County Economic Development.

If your business or organization missed out on this funding opportunity, please contact the Office of Economic Development to discuss other available funding sources. We encourage businesses to reference our COVID-19 Resources for Local Businesses page, at <https://www.thinkorangeva.com/covid19-resources>, to stay up to date on various business assistance programs.

For more information, please contact Rose Deal, Project Manager at (540) 672-1238.
